Here is some equation

$$y' = -f(t, y). \tag{1}$$

As a label of (1), please, use your surname followed by “:” and a number of the equation. The same principle use for references, if any, e.g. [1] and [2]. After compiling the source file, the abstract (incl. the references) should not exceed 1 page of this A4 format.

Please use the abbreviations of journals’ names in the list of references in accordance with the rules of Mathematical Reviews, see <http://www.ams.org/msnhtml/serials.pdf>.
